***Subject** Municipal and D.7. incomplete works of the Mysore District requiring to be completed during the current year

Letter no 623 & 29.1.03 from the Dy: Com.

Note Mysore Distt

Two statement of incomplete works (one for District Fund works and the other for Municipal works) have been received with the President's letters nos. 152 and 153 dated the 23d August 1902. The President reports (no. 623 & 29.1.03) that the D.7. and municipal Boards concerned have approved of the statements. Municipal work require for completing them Rs 2272-13-8 and the D.7. works Rs 24,727-10-9. The President states that although full provision for these works had been made in the last year's budget the amounts were not paid for owing either to the non-receipt of bills or to non-complet-

of works in time and that therefore the opening balances in favour of the several municipalities and the D. F. Board are actually far in excess of what has been estimated in the sanctioned budgets. He has accordingly issued orders to the Amildars to push on the incomplete works to completion and has made fragments on the bills received to avoid complaints from Contractors He requests that his action may be approved.

2. The following statement however gives details of the amounts required and the closing balance at the end of the year as calculated according to the Comptroller's final accounts:-

3. From the statement overleaf, it will be seen that the D.C. Boards and all the Municipalities except Negapatam & Karaikal & Karaikal & Tirunallar Karaikal have funds to provide for the incomplete works. In the Budgets of Negapatam & Karaikal & Karaikal & Tirunallar Karaikal Municipalities for orders as to whether the several amounts required for completing the incomplete works may be sanctioned as supplemental grants, this is a Council matter.

and Karaikal, provisions of Rs 5000 & 7250 exist under "VIII Public works" from which the cost of incomplete works can be met, while in each provision exists in the budget of Tirunallar Karaikal. Pondicherry

4. I may the President be asked to propose re-appropriations from "VIII Public works" or other Budget heads from which the cost of incomplete works can be met in the 3 municipalities referred to, as supplemental Budgets being submitted for sums required in other Municipalities and the Tirunallar Karaikal. 5 The draft docket was issued after it was approved by the Secretary (vide Flag C)

C 6 The President now reports (in 620 of the 18th April '03) that the balances on the 1st July 1903 at the credit of the Negapatam and Karaikal Municipal Boards are Rs 265 & 383 and not Rs 639 and 207 respectively as observed in the docket and that necessary appropriation of funds will be made in the Supplemental or Revised Municipal budget for the current year now under preparation so as not to affect the closing balances of the several Municipal Boards and requests sanction in the meantime to the payment of the amount for the incomplete works

3 2802 1897

7 Solicited for orders the President has already recorded that he has issued orders to the Amildars to push on the incomplete works to completion (vide para 1 supra)

8. The President is evidently wrong in saying

Hegg-
dadevankote and Lagur Municipal Boards are
not Rs 639 & 207 respectively as observed
in the docket under reference" What was
stated in that docket was that the esti-
mated closing balances at the end of the
current year in favour of the said two Mun-
icipalities were 328 & 187 and that the
amounts required to complete incomplete works
in them were Rs 639 & 207 respectively.

As funds cannot be sanctioned
for completing the several incomplete works
without knowing the precise state of the Municl
Boards' finances, draft docket calling for
the submission of the Subsidental Budget
and asking the President to await orders
thereon is submitted.

The closing balance at the credit
of the Begur D. F. Board being Rs ~~59,966~~ 41,747/-.
its financial condition admits of a Subsidi-
mental grant of Rs 24,717/- required for
completing the distt. Fund works. This is a

I have slightly altered the draft relating to the works in progress in Municipalities.

2 Under District Fund &c, a subsidy grant of £ 24717 is necessary required to enable certain municipalities with works in progress on to completion - Funds are available tho after meeting the said cost the closing balance would be less than the prescribed minimum - The Office ought to have obtained a Budget statement in due form and also put up a copy of the Budget abroad - sanctioned. In view however of the urgency of the matter (the Vote is for Drawing to a close) the exemption may be condoned, and a supplemental grant advised sanctioned -

To

H. V. Vaughan, Esquire, M.A., M.R.A.S.,
Secretary to the Government of Mysore,
Revenue and General Department,

Sir,

I have the honour to submit herewith a statement showing the names of incomplete works that have to be completed during current year from the District Funds. Full provision had been made for these in the last year's budget, but owing either to non-receipt of bills or selection of works in time, the work not finished as the opening balance for the current year will therefore be more than what is estimated for, I have directed the Executive Engineer to carry on the incomplete works to completion, and to keep down the amount of the bills to suit the funds to avoid embarrassment from the contractors concerned. I beg that my action may kindly be approved.

Dated the 3rd August 19 2.

To

A. V. Narjundiah, Esquire, M.A., M.L.,
Secretary to the Government of Mysore,
Revenue and General Department,

Sir,

I have the honor to submit herewith for sanction a statement showing the names of works that remain incomplete at the close of the last year, and that are proposed to be carried to completion during the current year from the Municipal Funds. Full provision for these works had been made in the last year's budget; but owing either to increased rainfall or to non-completion of works, they were not paid for. As the opening balance for the current year will therefore be more than what is estimated for, I have in anticipation of Government sanction directed the Municipalities to proceed with the incomplete works, and I have made payments on the bills received from the Taluk, to avoid complaints from the contractors concerned. I beg that my action may kindly be approved.

I have the honor to be,

Sir,
